I painted the portraits of some friends of mine, trying to recreate the style of the Sistine Chapel, and trying to reproduce the characteristics that in my opinion distinguish it: the intense expression of the faces, the light and half transparent colour, the profile marked by a darker line, the background of a mostly uniform sky. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
