Since the 1940s, printmaker Warrington Colescott has trained his brilliant artistic eye on the fashions and foibles of human behavior. A satirist in the tradition of William Hogarth, Francisco Goya, Honoré Daumier, and George Grosz, Colescott utilizes his sharp wit and vivid imagination to interpret contemporary and historical events, from the personal to the public, the local to the international. He is especially noted for his exceptional command of complex printmaking techniques and for his innovative approach to intaglio printing.

*The Prints of Warrington Colescott: A Catalogue Raisonné, 1948–2008* is the first fully illustrated catalogue to document Colescott's extensive and varied graphic career. Author and curator Mary Weaver Chapin has worked closely with Colescott, interviewed him at length, and had unique access to his private papers and archives. She documents his personal and artistic life in a detailed biographic sketch, and her extensive essay "Research Printmaker and Mad-Dog Attack Artist" examines the evolution of his printmaking career, focusing on his technique, iconography, and his place in American printmaking. The catalogue documents and depicts all 359 of Colescott's editioned prints, providing title, date, media, dimensions, and selected exhibition history and collections for each print, along with comments and anecdotes by Chapin and Colescott.
