Minimally Invasive Gynecological Surgery

Minimally Invasive Gynecological Surgery

In this book, world-renowned experts describe the latest advances in minimally invasive gynecologic surgery and explain why endoscopy is of key importance in so many conditions. Hysteroscopic instrumentation is described and the application of hysteroscopic techniques in patients with polyps, fibroids, malformations and infertility is explained and evaluated. Individual chapters are devoted to the current minimally invasive treatment of endometriosis, endometrial polyps and adenomyosis. The role of laparoscopy in gynecologic oncology and the laparoscopic approach to hysterectomy are fully discussed. Various other applications of laparoscopy are considered, with coverage of techniques including traditional straight stick laparoscopy, barbed suture and robotic and single port surgery. Neurophysiology and the use of laparoscopic therapy to restore vital function are discussed and complications of laparoscopic surgery are also addressed.

From reader reviews:

Daniel Spencer:

Information is provisions for anyone to get better life, information currently can get by anyone with everywhere. The information can be a understanding or any news even restricted. What people must be consider whenever those information which is from the former life are hard to be find than now's taking seriously which one works to believe or which one the resource are convinced. If you have the unstable resource then you have it as your main information you will see huge disadvantage for you. All those possibilities will not happen with you if you take Minimally Invasive Gynecological Surgery as your daily resource information.

Charlotte Womble:

Spent a free time and energy to be fun activity to complete! A lot of people spent their down time with their family, or their friends. Usually they accomplishing activity like watching television, planning to beach, or picnic inside park. They actually doing same task every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? Could possibly be reading a book is usually option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of publication that you should read. If you want to attempt look for book, may be the book untitled Minimally Invasive Gynecological Surgery can be excellent book to read. May be it may be best activity to you.

Oliver Gerling:

As a scholar exactly feel bored for you to reading. If their teacher expected them to go to the library or make summary for some reserve, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Minimally Invasive Gynecological Surgery can make you experience more interested to read.

Quentin Taylor:

Reading a e-book make you to get more knowledge from the jawhorse. You can take knowledge and information from your book. Book is written or printed or outlined from each source which filled update of news. Within this modern era like today, many ways to get information are available for you. From media social similar to newspaper, magazines, science book, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to open your book? Or just in search of the Minimally Invasive Gynecological Surgery when you desired it?
