## Futureways (Ways Books)

*Futureways* is a faux science fiction novel that dares to reinvent the future. The story of an art exhibition in the distant future, the book posits an otherworldly community of alien shape-shifters, robotic administrators and demon-conjuring Magi who inhabit spaceports, otherworldly archeological sites, gated utopias, courthouses and bars.

This beguiling “novel” features chapters written by different contributors—including artists, critics, curators, museum directors, journalists and writers—all of whom create fantastical landscapes that simultaneously work within and outside the convention of science fiction. At its heart, it depicts the “tangible marvels” of the imagination and the role of the artist as time-traveler, forward-thinking yet never forgetting the past.

Conceived by internationally acclaimed artist Rita McBride, *Futureways* is the second book in the Ways Books series (the first was *Heartways*), a unique collaboration between the Whitney Museum of American Art, Printed Matter, Inc. and Arsenal Pulp Press. Forthcoming titles include *Crimeways* and *Myways*. Books in the Ways Books series—which include more than 50 different contributions by artists, architects, writers, journalists, scientists, curators and critics—exploit and decipher genre writing with an entertaining and refreshing collective structure.

Contributors include Laura Cottingham, Nick Crowe, Aline Durlaud, Nalo Hopkinson, Nico Israel, Matthew Licht, Peter Maass, Rita McBride, Glen Rubsam, David Schafer, Mark von Schlegell, Rutger Wolfson and Alexandre Melo, translated by Brad Cherry.
