**Cengage Advantage Books: Current Psychotherapies** Danny Wedding, Raymond J. Corsini

Used in top counseling, psychology, and social work programs and now in its tenth edition, **CURRENT PSYCHOTHERAPIES** helps readers learn, compare, and apply the major systems of psychotherapy in a way that will be meaningful in their own practices. Each contributor is either an originator or a leading proponent of one of the systems, and presents the basic principles of the system in a clear and straightforward manner, discussing it in the context of the other systems. Theory chapters include a case example that guides readers through the problem, evaluation, treatment, and follow-up process. **CASE STUDIES IN PSYCHOTHERAPY**, which accompanies the book, offers corresponding cases that demonstrate the basic techniques and methods of the theory being illustrated. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>.
