Duvet Days: An educational novel to help Business students sail through College Prof Chris R Jones
Duvet Days provides a unique way to learn about business without getting submerged in the endless information contained within a textbook. Instead, it makes use of the power of storytelling. Most of us grew up with stories. They began: 'Once upon a time', and we loved them. Stories need to be interesting. Some stories can be funny. Others are sad. But if they are told well, they are memorable. Whilst aimed primarily at AS/A level college students, this book should also prove invaluable to anyone thinking of starting their own business or studying for a foundation degree in business. The reader will explore the world of business through the eyes of Lucinda, the main character. You will find her asking the questions you would ask. And as her confidence grows, so will yours. Each chapter of the book is relatively short, which means it is perfect for readers who find it difficult to absorb large amounts of information at once. Above all else, it is fun and refreshingly different from anything you will have read before.
