A collection of training tools proven to reduce falls and protect your bottom line Mitigating factors (e.g., medications, environment, age, diagnosis) make assessing patients' fall risks difficult, but the successful Northwestern Memorial Hospital Model is so thorough that you'll be able to apply it to your healthcare setting regardless of its mission and size. Patient Falls Assessment and Prevention and its companion CD-ROM are loaded with charts and forms that you can adapt and customize for use in your own falls prevention program. HCPPro's expert authors have made it easier than ever to comply with the JCAHO's requirements. When you read this groundbreaking book and use its forms, you'll be learning from the best in the business. Authors Carol Payson and Corinne Haviley were instrumental in creating and implementing a falls reduction and prevention plan that was so successful that it garnered attention from the Wall Street Journal and significantly reduced fall rates.
