The journey from religion to relationship is a journey of self-discovery. No one need have a “learned one” or “guru” that becomes one’s interpreter of truth. However, from time to time, we need input to help us shine the light of truth on our path so we can continue the personal journey leading closer to, and to know more fully, the Creator of all things.

This book is designed to point each of us to the essential truths that transcend religious dogma and, if properly understood, will help each reader refocus their own thinking towards what is important to them and their spiritual journey.

Find out how pagan influences continue to distance us from a closer relationship with the Creator.

Learn how religion keeps us at arm’s length from a closer walk with our God.

This book encourages each of us to focus on the words spoken from our Creator and avoid the “traditions of men” that bind and hinder what is really important to each of us—a relationship with our God.

Keep your eye on the customer reviews and note the "learned ones" and "gurus" who disagree with eliminating their "value added" to your journey out of religion and into a closer relationship to your Creator. The more strident the critique the closer to the truth we have come to penetrating their power game. Don't fear pissing off the religious, fear God alone.
