Tom Coffing, John Nolan

Teradata Architecture for IT and Developers (Tera-Tom Genius Series) Tom Coffing, John Nolan
'This book will make every IT/Developer in your company a superstar. This book is designed to teach IT and developers everything they want to know about Teradata while leaving no stone unturned. They are going to see and understand Teradata at a level they've never understood it before. It is a brilliant way to explain what is happening in Teradata down to the most detailed levels. Like the rest of the Genius Series, it takes a building block approach to allow readers to continually see how the data is laid out, how to design the tables as well as understand the mechanisms that Teradata uses, and understand why Teradata is the best data warehouse in the world.
