Para-Investigators resolve mysteries and crimes using paranormal abilities. Para-Investigators are police officers, civilian investigators, psychics, ghost-hunters—even ordinary people who somehow become involved in the search for truth. What they all have in common is that they use supernatural abilities to protect and serve a society that does not yet accept their existence. Para-Investigators are “over-crossers” who enter realms beyond our physical world. These are their true stories in their own words. Yet, to truly understand them, we must delve into the concepts that make Para-Investigation possible. It is vital to grasp what true investigation means, what real evidentiary value is and how “over-crossers” enter realms beyond our material world. At times, they do so without conscious knowledge that they crossed over and often without even knowing that they have these supernatural abilities. Understanding Para-Investigation is a key to opening our minds to greater truths that are not yet tolerated in this present reality. Once that door opens, we will finally understand that, in order to be complete, some investigations must reveal truth not just in this world but also in the next.
