The Theology of the Cross and Marx's Anthropology: A View from the Caribbean (Jonathan Edwards Classic Studies) Winston Persaud

This is a fascinating, major articulation of a contemporary theology of the cross in response to the soteriological challenge of Karl Marx's anthropological 'Weltanschauung'. The author focuses primarily on the much neglected 'Early Writings' (1844 Manuscripts), in which Marx himself provides a necessary humanistic critique of official" Marxism. The theology of the cross, which the author articulates, is centered in Luther's 'theologia crucis' Moltmann's crucified God" and Latin American (liberation) theology's divine identification and solidarity with the poor and oppressed". Specifically, the context of the work is the Caribbean and the Americas.
