So you think you know New York? Yellow taxis, hot dog stands, the hotel neon signs, the old posters in the alleys, the coffee logos in the empty cups, the bearded hipsters with the Don DeLillo book in their hand. There's much more to write about, i mean where will you draw the squirrels of Central Park when you go there?

This is not your typical tourist guide with the Top 10 attractions, it takes into consideration everything about the city. It adapts to your rhythm and tour. You will have space to write down what you see, draw your maps so you won't get lost, sketch the curious things you encounter.

But wait! There's more!

This is the fourth in the DIY city guide series, featuring the most popular city in the United States: New York City. These guides are coloring and creative activity books, travel notebooks, and city guides all in one.
