About the Book A gorilla couldn't possibly harm a child; that was the first thing I said even before watching the clip. I knew within me that you were protecting the child, I didn't need an expert to confirm that. We snatched you from Africa, away from the wild you love so much. We kept you in an enclosure, and you didn't bother to show us how much you missed home. Rather, you adapted, and amazed us with your strength, intelligence, and character. Dear Harambe, it is unfortunate that you paid the ultimate price with your life, because of Man's negligence and poor judgment. RIP, dear silverback...I will see you again. This work titled a "tribute to HARAMBE" is a collection of 30 animals in the Africa. In the natural world, they would have been HARAMBE's friends in the wild. The inspiration for the work was drawn from a four weeks trip to the Serengeti. This book is one of the most intricate and best coloring books in the market. And NO! It's not a hype; HARAMBE deserves the best!
