Fabulous Flowers contains 25 grayscale photos to color from my personal collection. As an artist, I enjoy painting flowers, wildlife and nature, but photographing them is fun too. Flowers have a special appeal and calming effect on most people. With their dazzling colors, they have the power to lift the human spirit. One-third of the floral pictures in this book also have birds. Plus three “Test Your Colors” pages are included to try out your color combinations before applying them to the pictures. Coloring is always a happy, stress-free time; I’m confident you will enjoy your time bringing color to the grayscale images of Fabulous Flowers. All the pages are printed on one side (8.5 x 11” pure white, 60 lb. paper) so you can display your art. Try something different and a little bit more challenging; try coloring grayscale pictures. Many colorists have already discovered the fun and excitement of grayscale coloring. See your art “come to life” in a satisfyingly new dimension. You’ll be glad you did. Order your copy today. Makes a great gift, too.
