Needing (Voices) Sarah Masters

Oliver gets calls from the dead, imploring him to help them find their killers. He's heard them since he was a child and now assists the police in their investigations. He works closely with Detective Langham—and has steadily fallen more in love with him every day of the six months he's known him. But does Langham feel the same? Is Langham even gay? When Oliver answers the call of a dead woman, he finds himself standing in a remote field, gazing down at her corpse. Someone else is out there with him, though, waiting to cause him harm. After he's run off the road, Oliver has no choice but to aid Langham in finding her killer—no choice because more people are killed and more people call out to him. He's unable to ignore their pleas. As the body count grows and the investigation becomes more complex, Oliver realizes that Langham is indeed very gay—and out to make Oliver his. **Reader Advisory:** This book contains scenes of excessive violence which some readers might find upsetting, including kidnap and imprisonment of children with enforced drug taking, mutilation of other victims, extraction of a fetus, and implied child sexual abuse. **Publisher's Note:** This book was previously released at another publisher. It has been revised, re-edited and given a new title for re-release with Totally Bound Publishing. Although books in this series can stand alone they are best enjoyed in order.
