Translating the Queer: Body Politics and Transnational Conversations

Héctor Domínguez Ruvalcaba

Translating the Queer: Body Politics and Transnational Conversations Héctor Domínguez Ruvalcaba
Translating the Queer examines how concepts of queer knowledge and its representations have been disseminated throughout Latin America, a dissemination that has been accompanied by processes of translation, adaptation, and resistance. Héctor Domínguez Ruvalcaba discusses the formation of pre-gay identities as well as today's LGBTQI political movement in addition to alternative forms of non-heterosexual practices that have emerged from within marginal populations. He analyzes how queer theory is employed as a means to understand varied cultural and political expressions, and he asks: How far can the queer really go as a conceptual tool?

Offering an essential look at queer history, culture, and politics in Latin America, *Translating the Queer* will be an invaluable resource for anyone interested in the evolution of queer theory and identity in recent decades.
