This book targets the “Facebook Generation” – the generation that has easy access to the most advanced technology, but has also been presented with the greatest number of distractions... ever.

“School Skills for the Facebook Generation” is the book that can help this generation conquer these distractions and develop skills essential to a successful academic career. This book not only incorporates tactics used by the author, a student herself, but also those used by other successful students who have gone on to attend top tier universities.

This book presents tips and strategies to succeed in school (and in life!) in an easy, problem-solution oriented guide book. For example, you will learn how visual note mapping techniques can be used for planning and goal setting, improving reading comprehension, as well as preparing for tests. There are even unconventional tips included that you won't read anywhere else!

By picking up this book, you have already taken the first step to a more successful academic career!
