As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just minor students that has reading's internal or real their passion. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself.
