The Collector's Guide to Ski-Doo Snowmobiles Phillip J. Mickelson

Joseph-Armond Bombardier devoted his entire life to finding mechanical designs that would help conquer the elements in his part of the world — Valcourt, Quebec, Canada, where winters are long and deep with snow. One of his greatest inventions was a motorized snow vehicle, the first of which allowed a missionary friend of his to cross miles of woods that would have not otherwise been passable.

From that first Bombardier snow machine to the newer Formula series models, all Ski-Doo snowmobiles to 1995 are covered in this Collector's Guide to Ski-Doo Snowmobiles.

The book traces the development of the snowmobiles, their engines, suspensions, and comfort features. It takes you from the age of wooden skis and bodywork to today's light, powerful, and aerodynamic Ski-Doo models. Technical specifications and year-by-year updates are included, along with 135 photos.

From reader reviews:

Bruce Benedict:

Book is usually written, printed, or illustrated for everything. You can realize everything you want by a reserve. Book has a different type. As we know that book is important thing to bring us around the world. Beside that you can your reading talent was fluently. A book The Collector's Guide to Ski-Doo Snowmobiles will make you to become smarter. You can feel much more confidence if you can know about every thing. But some of you think this open or reading any book make you bored. It is far from make you fun. Why they might be thought like that? Have you looking for best book or suitable book with you?

Charles Wright:

As people who live in often the modest era should be change about what going on or details even knowledge to make these people keep up with the era which can be always change and advance. Some of you maybe can update themselves by studying books. It is a good choice in your case but the problems coming to an individual is you don't know what one you should start with. This The Collector's Guide to Ski-Doo Snowmobiles is our recommendation to cause you to keep up with the world. Why, because book serves what you want and need in this era.

Brian Smith:

Reading a book can be one of a lot of exercise that everyone in the world loves. Do you like reading book thus. There are a lot of reasons why people enjoyed. First reading a publication will give you a lot of new information. When you read a publication you will get new information simply because book is one of a number of ways to share the information or perhaps their idea. Second, examining a book will make you actually more imaginative. When you reading through a book especially fiction book the author will bring one to imagine the story how the personas do it anything. Third, it is possible to share your knowledge to other people. When you read this The Collector's Guide to Ski-Doo Snowmobiles, you could tells your family, friends and also soon about yours publication. Your knowledge can inspire different ones, make them reading a publication.

Gregory Sowers:

Reading a guide tends to be new life style within this era globalization. With reading you can get a lot of information that could give you benefit in your life. Having book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their reader with their story or perhaps their experience. Not only the storyline that share in the textbooks. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors on earth always try to improve their skill in writing, they also doing some analysis before they write to the book. One of them is this The Collector's Guide to Ski-Doo Snowmobiles.
