## **Light In Architecture** Mireia Verges

Light is the element that reveals architecture. It renders texture and materials, illuminates surfaces and spaces, it creates atmospheres. Light in Architecture is a suggestive and useful guide for those who are conscious of the main role natural light and artificial lighting play in architecture, landscape and interior design. Text, pictures, figures and drawing will guide them through this essential aspect of contemporary design and architecture. Author Mireia Verges studied architecture in the Escola Tecnica Superior de Arquitectura of Barcelona and in the North London University.
