In a country where the divorce rate is astronomical and the spread of sexually transmitted diseases leave single people tip-toeing toward intimacy, many are left doubtful of their romantic decisions and relationships. According to author Kalyn Gibbens, finding a life-long partner is as simple as setting a date, and you don't have to be rich, thin, handsome, or beautiful. You just have to know what you want, and not be afraid to ask for it. Based on the ancient idea that the universe responds when we ask loudly, clearly, and with sincerity, her simple approach is an amazingly effective way to:

take responsibility for your future

find your true love

build a solid relationship from the very beginning

***Marrying Smart!** shows you how to tell the world you are ready for lasting love and real commitment, and in doing so find your ideal mate. **About the Author:** Kalyn Gibbens is a popular speaker and seminar leader. She works with a team of relationship coaches to help find partners for people who have a vision and know what they want in life.
