Deterrence and First-Strike Stability in Space: A Preliminary Assessment (Rand Corporation Monograph) Forrest E. Morgan

Space stability appears to be eroding as a growing number of states acquire the ability to degrade or destroy U.S. space assets. The United States needs a coordinated national space deterrence strategy designed to operate on both sides of a potential adversary's cost benefit decision calculus. Future research will determine the most effective and affordable mix of strategies, policies, and systems for strengthening space deterrence.
