Practice Exercises for Advanced Microeconomic Theory (MIT Press) Felix Muñoz-García

Felix Muñoz-García's *Advanced Microeconomic Theory* provides examples and exercises that help students understand how to apply theoretical models and offers tools for approaching similar problems on their own. This workbook provides solutions and step-by-step explanations for the odd-numbered exercises (107 problems in total). The answer key and detailed explanations emphasize the economic intuition behind the mathematical assumptions and results and, in combination with the textbook, enable students to improve both their theoretical and practical preparation.
