This unique, twelve-book series provides some of the most cutting-edge information about technology and Internet careers available today. Designed in a readable and dynamic format, this series is a must-read for high-low audiences interested in learning about the future world of e-commerce and the Internet. Clever, up-to-date language helps young people familiarize themselves with Internet-related terms, while colorful photographs illustrate the people and places that have helped create the new Information Highway. Engaging, modern, and thoroughly useful, The Library of E-Commerce and Internet Careers will inspire anyone searching for a technology or business career.

Few people know what a Web host is, yet most of us take advantage of them every day. This book offers a behind-the-scenes look at how e-commerce Web sites are conceived, developed, and maintained, and introduces readers to the many careers that are available in these two fields.
