7 Figure Marketing Blueprint: Module 10: Outsourcing (Volume 10) Nicole Munoz

Is your business busting at the seams with all the work you have pouring in? Do you often feel overwhelmed by all the small tasks you need to do? Do you feel like you've slammed the breaks on your business because you just can't keep up? If any of these describe you – it's time to buy Module 10: How to Outsource the Right Way. Nicole Munoz – CEO and founder of Start Ranking Now “Nicole is one of my lead project managers for my SEO and Internet Marketing company. She has developed a great team of outsourcers.” – Roy Reyer “I continue to use Nicole's services and find her team to be knowledgeable.” – Jon Butt “Nicole gives outstanding contributions in our Forum and her recommendations are creative and professional.” – Madeline Binder, Moderator, StomperNet Nicole Munoz is no stranger to the world of outsourcing. She has developed her successful SEO company with the help of many outsourcers because she knows what it takes to hire a team that works effectively and efficiently. She felt a lot like you at one time when she first started her business. When she started to feel overwhelmed by all of the business pouring in, she decided it was time to grow her business. With the help of a team that share her mission in helping busy business owners succeed online, she is able to help more people get what they need in online marketing. In this module, she helps you understand how outsourcing is beneficial to a business. It explores everything from deciding if your business is ready to getting a team together to do what you do now. Here's what you'll get in this module:

- What is outsourcing and why should you do it.
- What is the power of leverage and what it has to with outsourcing.
- An understanding of what you should do in your business to set it up for outsourcers.
- Information on how to map out the process of taking your business to the next level.
- How to know how many outsourcers you need, so you don't grow too quickly.
- How not to delegate the wrong tasks to the wrong people
- Knowing how much you really should pay for outsourcing, so you get the results you're wanting from them.
- Explanations about differences between outsourcing, outtasking and a vTeam.
- Examples of jobs you should outtask.
- Information on what your vTeam should manage.
- An understanding of what you should outsource.
- The steps you need to take to start outtasking, outsourcing, and developing a vTeam.
- A list of the best sites to find people looking for outsourced work.
- How to post a job ad, so you get the people you need.
- Tips on how to use bidding sites for selecting people
- ...And so much more! You'll find that the moment you start reading this that you'll be able to do everything outlined in it. The advice is straightforward, streamlined, and valuable. Don't Stifle Your Business' Success: Take It to the Next Level If you've ever imagined yourself running a successful business, buying this module, and implementing the techniques inside will do it. It's not about just hiring some more people to handle some of the tasks you do now, so you have more time to do other things. It's about finding the right people for the right tasks. Now, you have all the information you need to do that right here. Owning a SEO business doesn't have to be this difficult. You can start running it much more effectively and efficiently today. Buy Module 10: How to Outsource the Right Way now, so you can start building your team today.
