Adam Tooze

Presentation de l'editeur: Certains livres sont appeles a demeurer sans equivalent, depassant tout ce que l'on a pu lire sur un sujet. Le Salaire de la destruction, une histoire economique du IIIe Reich, est l'un d'eux, tant pour le nombre d'idees recues qu'il balaye que pour les conclusions inedites et l'approche globale qu'il propose. La catastrophe de 1939-1945 est-elle nee de la puissance implacable de l'Allemagne nazie ou bien a-t-elle ete precipitee par ses faiblesses economiques? Captivant, unanimement reconnu, fruit des recherches d'un historien au sommet de son art, cet ouvrage capital donne un poids nouveau et central a l'economie dans la politique de conquete mondiale elaboree par Hitler. Diplome de King's College (Cambridge) et de la London School of Economics, Adam Tooze enseigne l'histoire de l'Allemagne a Yale. Il a deja publie *Statistics and the German State, 1900-1945: The Making of Modern Economic Knowledge* (Cambridge University Press, 2001)
