**From million-bestselling author Bella Forrest comes a dark and delicious new crime novel...**

Megastar Isabel Morales has never been one to shy away from controversy. But after a particularly daring, full-nude shoot on Wall Street, it's not only the media that has spiraled into a frenzy. Fans, and heck, the entire world seem to be turning against her.

Rants, insults and death threats - Isabel has experienced it all in her time... But never like this.

Her stunt was meant to be a statement of empowerment to women - a show of taking back her body from the capitalists who claim it as their own. But people don't get it.

When Isabel vanishes in broad daylight from a building, Private Investigator Erin Bond receives a desperate call from Isabel's manager requesting her to join forces with the police in the case.

Erin suspects she's in for the ride of her career, but given Erin's own celebrity status as an abducted child, she never thought it could become the ride of her life...

*Nothing is as it seems in the search for Isabel Morales.*
