A Needle, a bobbin, a strike: Women needleworkers in America (Women in the political economy)

Joan M and Sue Davidson, Editors Jensen

Perhaps nothing is more "women's work" than sewing. In "the endless, endless stitches", the authors of these essays (almost all original) trace lives of hard work, of hope, of unfinished protest. Unlike other works, women in the needle trades worked in many different environments - at home, in sweatshops, in department stores, and in factories - as America industrialized and moved from the nineteenth century into the twentieth. This book analyzes these changes in worklife. It shows how women adapted the technology of sewing machines to their work, how they moved into unions and engaged in strikes in Cleveland, Rochester, Chicago, and New York City.
