Garden Flowers (Adventures in Nature (Powerkids Press)) Cath Senker

Readers are in for a colorful adventure as they explore different flowers that grow in a garden. This book introduces readers to flower parts and features, such as the petals and sepals, and invites them to differentiate between different kinds of flowers: annuals, perennials, water flowers, herbs, weeds, and more. Readers will also learn about important life science topics, such as life cycles and pollination, which make this book a perfect supplement to elementary science curricula. Informative text is paired with vivid color photographs to help readers thoroughly grasp the subject. Readers will also enjoy quizzes, diagrams, and activities that make nature come to life!
