## Generation of Isis: The Effects of Violence and Conflict on Children Omar Reda

Unfortunately, violence is becoming the latest human pandemic. The world is growing more dangerous every day with no sign of relief in the foreseeable future.

This writing is by no means a message of pessimism or discouragement, but is rather a realistic look into the root causes and risk factors for youth violence and radicalization, as well as an attempt at paying special attention to ways for prevention and suggested early interventions for this ugly and fatal malignancy.
