A parent who wishes to teach a child more about the universe needs to definitely help the child understand the many items that occupy our galaxy. This book would be excellent because a young child will not be skilled enough to gather information from a text only book. However, this is an illustrated guide of the cosmos that will show beautiful and artistically created pictures that will stick in the mind of a child. This also allows the child to ask questions of the parent, which can involve the child and parent in important bonding and learning that is essential.
